Retail Price List

March, 1960

Vigorous young cutting grown plants, in the smaller sizes, probably offer the best value for your Rhododendron dollar. Most of our budded plants, to bloom this spring, are sold out.

All plants are shipped with a good ball of soil so may be moved quite late if given a little shade and kept well watered. However the earlier they are planted the better growth they will make.

Indicate sizes desired by letters; May Day d, would mean a 12 to 15 inch plant without flower buds, May Day D., same size, with flower buds. The letters following each variety indicate the sizes available when this list was prepared.

VARIETY LIST

- | | |
|--------------------------------------|-------------------------------------|
| A. Bedford - c, y | Europa - y |
| Aladdin - y | Everestianum - y |
| Alice - b, c | Faggetter's Favorite - c, d |

"y" plants, available in most varieties, are one year old from cuttings and were set in the lath house last June. These small plants provide an economical way to build up a collection.

There is room for so little descriptive matter in a list of this type we have gone all the way and left out all but the variety name. For information about these and other varieties see the American Rhododendron Society's "Rhododendrons 1956". Of course we will be glad to answer questions or to suggest varieties of specific colors or for specific uses. We are actually growing many varieties in addition to the above. If you are looking for any special varieties or species we would be glad to hear from you. We may have them.

Our Location

We are on the Sand Ridge Road, about 4 miles northeast of Long Beach, on a narrow peninsula between the Pacific Ocean and Willapa Bay. This is in the extreme southwest corner of the state of Washington. We would be very glad to have you stop in and examine our plants any time you happen to be in this vicinity.

Terms

Cash with order, F. O. B. Long Beach, Washington. Plants are guaranteed true to name but we will not be liable for more than the purchase price. Plants become your property upon delivery, in good condition, to the transportation company.

Shipment

Plants will be shipped by Express, or Motor Freight, collect unless otherwise specified. Orders of one or two small plants may be shipped parcel post, if you so desire; enclose ample estimated postage, and we will return any excess.
